

Let yourself be swept away by the passion and rhythm of the tango!

The Balletto di Roma presents *Astor*, a captivating "dance concert" created to celebrate the immortal genius of Astor Piazzolla.

More than just a show, Astor is a transformative journey that brings together oceans, cultures, and traditions. Guided by the common thread of the sea and the courage evoked by the writings of Jorge Luis Borges, the audience will be transported to a timeless space, where human frailties dissolve into the explosive energy of "nuevo tango." A unique sensory experience, where the perfect fusion of choreography, poetry, and live music will leave you breathless.

In collaboration with the Accademia Filarmonica Romana.
