

## COME AND DISCOVER THE KUMON METHOD

*The method that enhances student's potential through advanced and individualized studies*

*(our children and youth live in an age whereby they are continually distracted by new technologies: the Kumon learning method helps them regain lost attention)*

**16 January - 28 February**  
**every Thursday from 15:00 to 16:00 hrs**  
**room E-008**

A Kumon Center consultant will be available to provide relevant information on this *innovative method helping children to achieve their best potential by improving mental concentration*
