Rome Boat (provided by "the Voyager srl"), in collaboration with the FAO Staff Coop, is pleased to offer an exciting new tour at [favourable conditions for our members!](#)

You will meet with our Fully Licensed guide in **Piazza San Cosimato**, in Trastevere's neighbourhood at the edge of the open air market. From here your journey will begin: first you will have a **taste of some local food** directly in the **open air market**, where our partner's stand run by Emiliano (and his family since decades) will welcome you with a **delicious taste of italian local gourmet products**.

After that, our guide will lead you to discover one of the most ancient churches in Rome, **Santa Maria in Trastevere**, to have a quick but satisfying visit.

Once out of the church, you will still walk inside the guts of Trastevere to reach your first checkpoint: the **Tiber Island (Isola Tiberina)**, the only island of the Tiber river, where our boat will be waiting for you. From here **you will sail** pushed by the relaxing flow of the river for around 20 minutes to reach **Sant'Angelo Bridge**, right in front of **Sant'Angelo Castle** where you can have a great view of **St Peter's Basilica** too.

From here, the second part of the tour will start: our guide will start to explain you about **the marvelous Via Dei Coronari** as the artists strip, full of antique stores that will open up in **Navona Square** with its magnificent **Fountain of the 4 rivers**, built by the famous **Italian artist Bernini**. Here our guide will tell you about the ancient and funny dispute about Bernini and his rival **Borromini** that built the building that faces the fountain.

From here you will move to the inner city, reaching **the Pantheon**. Here, after the explanation from the outside of the Pantheon, you will **have 1 full hour** to wonder around, eat something in one of the typical "trattoria" restaurants all around, or just seat down and relax for the final part of the tour (our guide will give you indications for the meeting point). After the break, and meeting back with our guide, our tour will continue to reach **Trevi Fountain**, recently renovated and brought back to its splendor. Here, our guide will spend some time to explain you the story behind the fountain and let you proceed with the usual tradition of **tossing a coin** inside the fountain.

In the last part of the walking tour, we will bring you to discover the **Spanish Steps**, where you will learn about all the most intriguing secrets of the square, the fountain and its super famous steps. From here our guide will salute you, and you will be able to reach so many different spots, like **Via Condotti**, heart of the shopping district of the city; **Piazza del Popolo**, 10 minutes from Spanish square; and so much more.
