

## YOUR ONE-STOP SOLUTION FOR ENGLISH-SPEAKING SERVICES IN ROME

Let's delve into the heart of it – the “why.” Why did we create Assist-Tap, tailored specifically for expats? Picture this: September 2020, our founder quietly strolling, suddenly meeting the ground in an unexpected fall. The pain, unbearable. A Friday afternoon, friends off the grid for the weekend, and family not within reach, as she is a foreigner. A post-incident evaluation confirmed a fracture, necessitating a nurse for heparin injections to prevent thrombosis.

And so began a winding journey for assistance – food, medicine delivery, and tidying up. A lifeline existed in good friends, but their bustling lives meant enduring a day-long wait for support. A month later, the quest for an app started, only to find pricey and unreliable options, with the added sting of being a foreigner attracting higher charges. At day's end, the decision was clear – Assist-Tap was born, not just for expats but also embracing Italians.

At Assist-Tap, we understand that navigating life in a foreign country can sometimes be challenging, especially when language barriers arise. That's why we're here to make your life as smooth as possible.
